Contract 115 GP Building Mastic

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
MASBN	285ML	BROWN	25	5029347601386
MASGY	285ML	GREY	25	5029347601393
MASNL	285ML	STONE	25	5029347601409
MASWE	285ML	WHITE	25	5029347000141

A traditional oil based pointing mastic that provides an effective weatherproof seal. Typically used to seal composite sectional panels and low movement vertical building joints. This high solids formulation means excellent gap filling properties. It's semidrying too, so it remains permanently elastic beneath the surface skin.

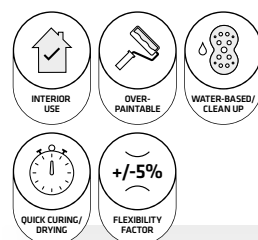

Brick / Stone / Concrete / Timber

Contract 125 One Hour Caulk

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
125C3	300ML	WHITE	25	5029347000042
125BN	300ML	BROWN	25	5029347601195
125MAG	300ML	MAGNOLIA	25	5029347601201
125C4	380ML	WHITE	12	5029347000059
OHCC425	380ML	WHITE	25	5029347000059

A fast drying flexible decorators filler and sealant that remains permanently flexible. Can be overpainted with most paint types or covered over with wallpaper - no sanding down required. Ideal for sealing and filling cracks and gaps prior to decorating, and for use around skirting boards, ceiling cornices, window and door frames, stair treads and risings and fixtures adjoining walls. Can be used to fill damaged plaster. CE Marked.

Timber / Plaster / Brick / Concrete

Premium 145 Butyl Rubber Sealant

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
145GY	300ML	GREY	12	5029347610357

A semi-setting jointing compound. Typically used for roofing, glazing, metal containers and sectional building applications. It forms a skin in approximately 24 hours but remains permanently plastic underneath. The sealant accommodates joint movements of +/- 5% and is overpaintable. Provides an effective weatherproof seal in a variety of exterior and interior applications.

Brick / Stone / Concrete / Timber

Premium 175 Universal Acrylic Sealant

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
175BN	300ML	BROWN	25	5029347601218
175WE	300ML	WHITE	25	5029347000066
175C4WE	380ML	WHITE	12	5029347615031

A high quality acrylic sealant that provides a long lasting, permanently flexible seal in a wide variety of applications. Adheres to virtually all substrates. Ideal for internal and external sealing around timber and metal window and door frames. Also for internal sealing around PVCu window, door frames, baths and basins, sealing cracks and gaps in brickwork, stone and concrete, and as an adhesive for bonding polystyrene coving and tiles. CE Marked.

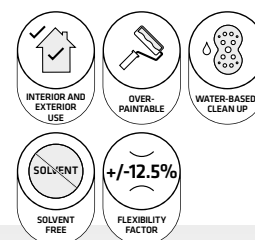

Timber / Plaster / Brick / PVCu / Concrete / Stone

Premium+ 195 Siliconised Acrylic Sealant

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
195WE	300ML	WHITE	25	5029347609535

A high quality sealant that remains highly flexible and can be used on a wide variety of sealing applications both internally and externally. 195 Acrylic has improved adhesion characteristics when compared to conventional acrylic sealants. CE Marked.

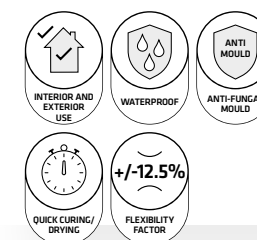

Timber / Plaster / Brick / PVCu / Concrete / Stone

LMA 200 Contractors Silicone

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
200BK	295ML	BLACK	25	5029347601492
200BN	295ML	BROWN	25	5029347601485
200TR	295ML	TRANS	25	5029347601478
200WE	295ML	WHITE	25	5029347601461

A cost effective acetox cure sealant that adheres to most smooth and nonporous materials. Contains an anti-fungal compound to prevent mould growth to the sealant in areas of high humidity. Ideal for aluminium sealing, sealing around baths, showers, basins and other sanitary ware, as an adhesive for fixing PVCu trims, cladding and panels, sealing around worktops and laminates, pointing and door frames, for aluminium gutter sealing and for general draughtproofing. CE Marked.

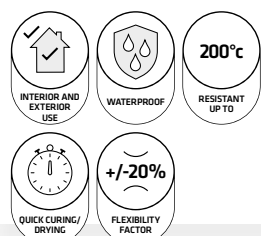

Glass / Timber / Aluminium / Ceramics / Laminates

Contract 225
Industrial & Glazing Silicone

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
225BK	295ML	BLACK	25	5029347601225
225STEEL	295ML	STEEL	25	5029347602482
225TR	295ML	TRANS	25	5029347601249
225WE	295ML	WHITE	25	5029347000011

A mid modulus acetox cure silicone sealant that adheres to most smooth and non-porous substrates. Typically used for single glazing, draught-proofing and general industrial use. Quick curing, with low dirt pick up, it remains permanently flexible and provides a waterproof seal. Temperature resistant to 200°C. Contains a powerful anti-fungal compound to prevent mould growth to the sealant. CE Marked.

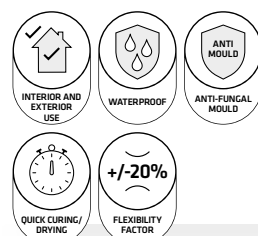

Glass / Timber / Aluminium / Ceramics / Laminates

Premium 335
Construction Silicone

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE

335TR	295ML	TRANS	25	5029347601300
335WE	295ML	WHITE	25	5029347000028

A low modulus reactive cure silicone sealant specially formulated as a cost-effective PVCu sealant, which also adheres to many common building substrates. It remains permanently flexible, forming a weather tight rubber-like seal. Contains anti-fungal compound to prevent mould growth to the sealant. CE Marked.

PVCu / Brick / Aluminium / Plastics / Glass

Premium+ 565
Clean Room Silicone

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
565WE	295ML	WHITE	25	5029347612399

An advanced neutral curing hygienic sealant that combines Mould Shield®, a powerful anti-bacterial compound which is food contact approved. Prevents the growth of most common moulds. Offers outstanding adhesion to most substrates including plastics, ceramics and metal. Virtually odourless in application with a slow skinning time. Ideal for long joint runs in larger applications. Remains permanently flexible with a movement capability of +/- 25%. CE Marked. **Approved for food contact to 21CFR177.2600 by IANESCO (France) and meets ISO 11600 F 25LM.**

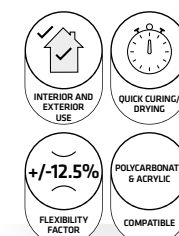

Metal / Ceramics / Glass / Most Plastics

Silicone Eater

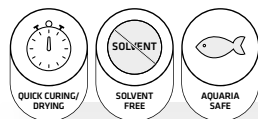

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SILEAT	100ML	-	12	5029347115005

A revolutionary chemical that breaks up and removes all types of silicone sealant. Harmless to most surrounding surfaces and can be used to remove sealant from baths, kitchen worktops, basins, showers, doors and window frames.

Aqua Mate
Aquarium Sealant

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
AQUATR	295ML	TRANS	12	5029347120009

A high modulus acetoxycure 100% silicone sealant and adhesive designed specifically for aquarium manufacture. 100% fish safe formula. The waterproof seal will withstand continuous water immersion over a long period of time once cured. Fast cure (tack free in one hour), gives extremely high early strengths. **Meets the requirements of ISO 11600 G25HM**

Glass / PVCu / Aluminium

Heat Mate
Heat Resistant Sealant

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
HEAT	295ML	RED	12	5029347113001
HTSBK	295ML	BLACK	12	5029347615307

A high modulus permanently flexible 100% silicone which is temperature resistant up to 300°C. Ideal for sealing industrial and high performance gaskets, oven doors etc. Cures quickly to reduce dirt pick up. Remains permanently flexible, forming a water tight rubber-like seal. Excellent adhesion to most non-porous surfaces.

Lead Mate
Sealant

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
LEAD	295ML	GREY	25	5029347007355

Specially formulated as an alternative to mortaring lead flashing and sheet into brick, stone and concrete, providing a fully waterproof joint. Cleaner and easier to apply than conventional mortar, and a great time-saver. Excellent weathering characteristics, permanently flexible and accommodates thermal movement in lead. Tack free in 1 hour. Temperature resistant to 150°C. CE Marked.

Lead / Brick / Concrete / Stone / Timber

Weather Mate
Gap Filler & Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
WEACL	295ML	CLEAR	25	5029347601454
WEAWE	295ML	WHITE	25	5029347000073
WEABK	295ML	BLACK	25	5029347601447

Based on an advanced isocrylic formula that provides the ultimate in technology for adhesion to many surfaces. It can be applied in wet weather, to wet surfaces, even under water. Resistant to all weather extremes, remains permanently flexible and can be overpainted with most paints and wood stains when cured, although overpainting is not essential.

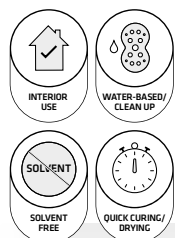

Metal / Timber / Galvanised Steel / Bitumen

Galva Mate
Duct Sealant

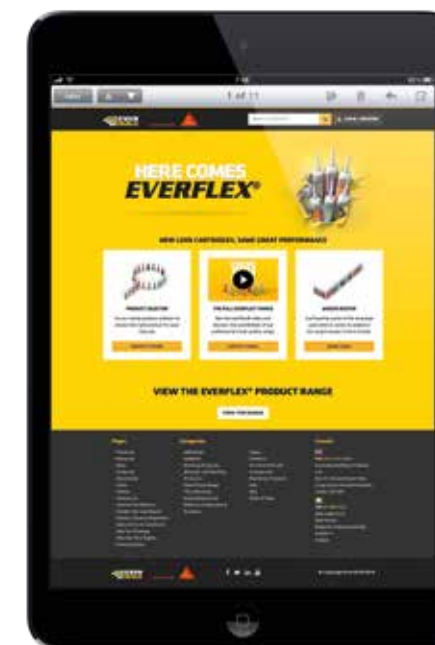

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
GALVAM	295ML	GREY	25	5029347000707

A high performance solvent free adhesive and sealant specifically designed for sealing high velocity duct work in heating and ventilation systems. Very strong adhesion to galvanised and stainless steel surfaces, excellent slump resistance, permanently flexible and resistant to mildew and mould growth. CE Marked.

Galvanised Steel / Stainless Steel

Visit everbuild.co.uk/everflex for all the latest product data sheets for the Everflex range, along with our handy product selector and jargon buster.

Fire Mate
Intumescent Acrylic Sealant

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
FIRE	295ML	WHITE	25	5029347000134
FIREMATEGY	295ML	GREY	25	5029347613648

An intumescent acrylic sealant that swells when exposed to temperatures in excess of 125°C to prevent the passage of fire and smoke. Has a fire rating of up to 4 hours in certain joint configurations. CE Marked.

Fire rated to EN1366-4. Acoustic rated to ISO 140-3. Tested for air permeability to EN13141-1. Tested to EN1366-3.

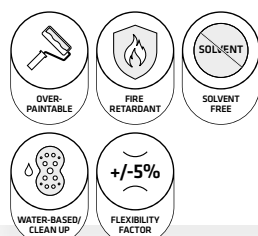

Brick / Concrete / Stone / Timber / Plasterboard

Contract AC95
Intumescent Sealant & Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
AC95900	900ML	WHITE	9	5029347602413

An intumescent acrylic sealant and adhesive specifically formulated for fire rated sealing and bonding applications on plasterboard and other kraft lined insulation boards. Provides up to 4 hours fire resistance. CE Marked. **Tested to EN1366-4. Acoustic rated to ISO 140-3. Tested for air permeability to EN13141-1 Ventilation for buildings. Performance testing of components/products for residential ventilation. Tested to EN13963, Type 4A.**

Pyro Mate
Fire Rated Silicone

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
PRYWE	295ML	WHITE	12	5029347608941

A neutral cure elastic silicone sealant which conforms to EN1366-4 for fire protection and has a fire rating of up to 4 hours in certain joint configurations. Acoustic rated to ISO 140-3. Tested for air permeability to EN13141-1 Ventilation for buildings. Performance testing of components/products for residential ventilation. CE Marked. **Conforms to ISO 11600 class: F25LM and EN15651 to ISO 9047, 8339 and 10563.**

Timber / Brick / Stone / Glass / Concrete / Metal

Firespan
Intumescent Putty Pads

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
FSPANGL	SINGLE	RED	20	NO BARCODE
FSPANDBL	DOUBLE	RED	20	NO BARCODE

Designed to be used on the inside or outside of electrical socket boxes to maintain fire and smoke barrier where service holes are cut into dry lining and all types of fire rated boarding. Tested to EN1366-3 to provide up to 2 hours fire protection, and also maintain acoustic integrity of the drylining system. High tack adhesion, pliable and mouldable, self bonding.

Single Socket Pad Size: 4MM thick x 170MM x 170MM.
Double Socket Pad Size: 4MM thick x 230MM x 170MM.

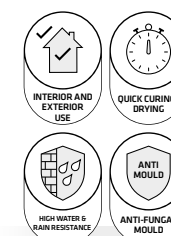

Acoustic rated to BS EN ISO 140-3. Tested for air permeability to EN13141-1 Ventilation for buildings. Performance testing of components/products for residential ventilation.

To celebrate our 25th anniversary, Everbuild brings you our best ever sealant and adhesive.

Using cutting-edge technology and a unique polymer blend, we've developed a truly universal, top quality hybrid. It's extremely flexible, certified for indoor and outdoor use, and in sanitary and food preparation areas (ISEGA). Plus, it's exceptionally strong, sticks to almost anything and even works underwater!

It's resistant to mould, temperature extremes, chemicals, petrol, UV radiation, plus it does all this whilst meeting the toughest emissions classification! CE Marked.

EB25 – 25 years of Everbuild expertise.

GATOR05	500ML	BROWN	6	5029347610128

Gator Glue is the adhesive with real bite.

Once applied, It penetrates and expands slightly on cure, really "sinking its teeth" into both substrates to form an incredibly strong bond. Gator Glue sticks to most common substrates, will set hard in about 30 minutes and even sticks to wet surfaces!

Wood / Metal / Brick / Concrete / Stone

D4

Wood Adhesive

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
D41	1LTR	WHITE	12	5029347602703
D425	25LTR	WHITE	1	5029247611545

A solvent free industrial grade wood adhesive based upon hybrid resin technology. Can be used internally or externally, gives a high strength, totally waterproof, impact and temperature resistant bond. Dries clear, sets in 10 minutes. Ideal for all general woodworking and joinery uses, assembly line work, RF/HF Cure systems, wood on wood laminating, furniture assembly and household DIY use. **Conforms to EN 204. D4 Strength and WATT91.**

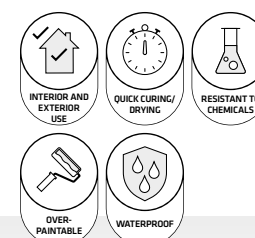

5 Minute Polyurethane

Wood Adhesive Gel

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
5MINPU3	310ML	TRANS	12	5029347809034

Lumberjack 5 Minute Polyurethane Wood Adhesive Gel is a thixotropic, transparent, gap filling gel which sets hard in just 5 minutes. This product gives exceptionally high bond strength and is resistant to most chemicals. It foams slightly on application to fill small gaps, which in turn increases the bond strength. Particularly suitable for equipment manufacture and production line applications where rapid handling is required. **Conforms to EN 204. D4 Strength.**

WOODA25	25L	-	1	5029347052492

All Purpose Weatherproof Wood Adhesive is a high quality, resin based wood adhesive for all wood bonding. It can be used internally and externally and provides a high strength, impact resistant bond that is usually stronger than the wood itself. Ideal for all general woodworking and joinery uses, furniture assembly and household DIY use. Dries clear. Fast cure, initial set in just 10 minutes. **Conforms to the international standard EN 204 (D3) and EN 14256 for resistance to static load.**

5 Minute Polyurethane

Wood Adhesive Liquid

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
5MINPU7	750GR	BROWN	6	5029347601133

Lumberjack 5 minute polyurethane wood adhesive liquid is brown in colour and is ideal for larger applications, or in the workshop where greater economy is required. Sets hard in 5 minutes. The liquid is 100% waterproof, gives exceptionally high bond strength and is resistant to most chemicals. The product foams slightly on application to fill small gaps, which increases bond strength. **Conforms to EN 204. D4 Strength.**

Stick 2 Instant Contact Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
CON125	125ML	BEIGE	10	5029347006518
CON250	250ML	BEIGE	12	5029347065027
CON750	750ML	BEIGE	12	5029347065058
CONA5	5L	BEIGE	4	5029347006556

Stick 2 All Purpose Contact Adhesive is a premium grade rubber based contact adhesive suitable for use with a wide variety of materials for both professional and DIY use. The product may be used for bonding decorative laminates, all types of wood, rigid PVC, ABS, leather, cork, linoleum, rubber, stone, metals and dense fabrics.

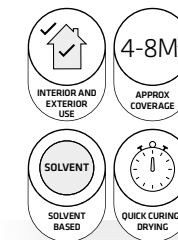

Laminates / Timber / Cork / Rubber / Metal

Stick 2 Instant Spray Contact Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
CONSPRAY5	500ML	-	12	5029347060855

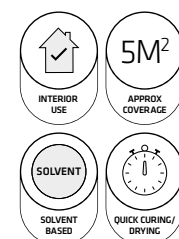

A sprayable glue which bonds to most common materials including wood, concrete, stone, tiles, rubber, foam, metals, rigid plastics, polyethylene, canvas fabrics, cardboard, paper and cork. Ideal for securing most carpets/floor coverings. Suitable for internal and external use. Time saving spray – easier and quicker to apply than most trowel/spreader applied adhesives. Repositionable.

Stick 2 Carpet Fix Spray Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
CARPSPRAY5	500ML	-	12	5029347603212

Sprayable medium duty glue which fixes P.U. and foam backed carpets, carpet tiles, underlay, paper felt and cork to most common substrates. Economical and time saving – quicker and easier than spreader applied adhesives. Foaming formula gives low soak into substrates.

Stick 2 Industrial Superglue GP

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
CYN20	20GRM	CLEAR	25	5029347900069
CYN50	50GRM	CLEAR	20	5029347602345

Medium viscosity formula fills gaps to 0.1mm. For use on perfect fit surfaces where fast set is required. Bonds nonporous surfaces eg. most plastics, metals, glass, PVCu, rubber and EPDM. Viscosity at 25°C – 100cPs. Set time 5 to 15 seconds. Packed in self merchandising display boxes.

PVCu / Plastic / Glass / Metal

Stick 2 Superglue De-bonder

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
DEBONDER	20ML	CLEAR	10	5029347601096

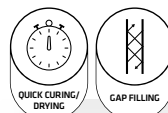

For de-bonding cured cyanoacrylate adhesive from most common surfaces e.g. steel, plastic, wood, glass and rubber. Can also be used on skin when applied as per instructions.

Stick 2 Industrial Superglue HV

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
HV20	20GRM	CLEAR	25	5029347601072
HV50	50GRM	CLEAR	20	5029347601089

High viscosity formula for porous and non porous substrates where a slightly delayed set is required. For use on MDF, rubber, metals, PVCu and plastics. Viscosity at 25°C – 1500 cPs. Set time range 10 to 30 seconds. Packed in self merchandising display boxes.

PVCu / Plastic / Glass / Metal

Stick 2 Thread Lock GP

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
THREADLOCK10	10GRM	BLUE	10	5029347601720

Medium strength anaerobic, allows for disassembly, thixotropic non-drip formula For nuts, bolts, screws and threads. Can be used on oil contaminated parts.

Metal

PVCu Acti-Spray Aerosol Activator

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
PVCACT	200ML	CLEAR	12	5029347602765

PVCu Acti-spray is an aerosol applied activator for use with Everbuild Industrial Superglue GP and HV, setting superglue in 10 seconds. Guaranteed not to stain PVCu. Acti-spray is ideal for use on all PVCu and plastics, and works on all common building surfaces.

PVCu / Plastic / Glass / Metal

Mitre Fast Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
MITREADH5	50GRM	CLEAR	10	5029347603434

Mitre Fast Adhesive as supplied in bonding kit.

Stick 2 Instant Bond Contact Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2CONADH	30ML	BEIGE	10	5029347601607

Stick 2 Contact Adhesive is a premium grade rubber contact adhesive suitable for internal and external use with laminate, trim, wood, rigid PVC, ABS, leather, cork and metals. Instant bond.

Laminates / Timber / Cork / Metal

Stick 2 Instant Bond Textile Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2TEXTADH	30ML	WHITE	10	5029347605988

Stick 2 Textile Adhesive is a quick setting adhesive for bonding a variety of textiles and fabrics including cloth, canvas, fabric, leather, foam, paper, sponge, cardboard and stone. It will also bond non porous surfaces such as plastic, uPVC and metals.

Stick 2 Epoxy Putty Quick Repair Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2EPOXPUTTY	50GM	-	12	5029347605995

Stick 2 Epoxy Putty is a two component epoxy based putty for repairing, bonding, sealing and rebuilding virtually any material. Will adhere to wet surfaces, totally waterproof once dried and is easy to mix.

Stone / Concrete / Metal / Bricks

Stick 2 Epoxy Putty Aqua Underwater Repair Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2EPOXAQUA	50GM	-	12	5029347609566

Epoxy Putty Aqua is a two component putty that has been specially formulated for permanent repairs to damp, wet areas and underwater substrates such as tanks, drums, pipes and castings. It can be applied underwater in both fresh or salt water.

Stick 2 Hard Plastic Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2HARD	30ML	CLEAR	10	5029347601638

Stick 2 Hard Plastic Adhesive is a strong, clear, quick drying adhesive suitable for bonding most types of hard plastic such as rigid PVC, acrylic, polycarbonate and ABS. Ideal for use on non-pressure pipework, and numerous household applications.

Plastics / Acrylics / ABS / Rigid PVC

Stick 2 Rapid Epoxy Tube Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2RAPEXTUBE	12ML X 2	-	16	5029347605964

Stick 2 Rapid Epoxy Tube is an industrial strength, two part clear adhesive system which sets hard in just 4 minutes. Ideal for bonding most materials and once cured can be drilled, sanded and painted.

Metal / Glass / Wood / Ceramics

Stick 2 Rapid Epoxy Syringe Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2RAPEX24	24ML	-	12	5029347601645

Stick 2 Rapid Epoxy Syringe is an industrial strength two part clear adhesive which sets hard in 10 minutes. Will bond most common materials and once cured may be drilled, sanded or painted. For industry and home.

Metal / Glass / Wood / Ceramics

Stick 2 Rapid Epoxy Metal Syringe Adhesive

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2RAPEXMETAL	24ML	-	12	5029347609573

A two part adhesive which sets hard in just 5-10 minutes and is ideal for bonding of metal and metal alloys as well as glass, ceramic and wood. It finishes to a grey metal like appearance gives an exceptionally high bond and repair strength – can be drilled, sanded, machined & painted once fully cured.

Metal / Glass / Wood / Ceramics

Stick 2 Superglue Gel Formula

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2GEL3	3GM	-	12	5029347605926

Stick 2 Superglue Gel will bond most common materials. The high viscosity formula is ideal for nondrip, vertical, porous or small gap filling applications. Superglue Gel is ideal for bonding wood, plastics, metals, paper, porcelain, rubber & more.

PVCu / Plastic / Glass / Metal

Stick 2 All Purpose Superglue Tube & Bottle

MERCHANT INFORMATION

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2SUPBOT05	5GM	-	6	5029347605933

Stick 2 All Purpose Superglue fills gaps up to 0.1mm and bonds non-porous surfaces such as plastics, metals, PVCu, rubber, ceramics and much more. 1 minute instant bond, perfect where a fast set is required. Re-sealable cap.

PVCu / Plastic / Glass / Metal

Stick 2 Touch Up Enamel

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
S2ENAMEL	25ML	-	10	5029347609580

A high quality gloss enamel that provides superior rust protection and dries to a mirror like finish. It is ideal for touching up scratches and chips or enamel and lacquer damages on bathroom fixtures, kitchen appliances and ceramics. It provides excellent colour and gloss retention, even after repeated cleaning.

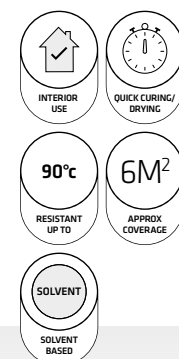

PVCu / Plastic / Glass / Metal

Smart Tack Handy Aerosol

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SMARTHANDY	500ML	BLUE	12	5029347601188

Standard aerosol for smaller jobs. Offers all benefits with lower pressure application. 500ML aerosol will cover 2.5-3.5m² of laminate when applied to both surfaces.

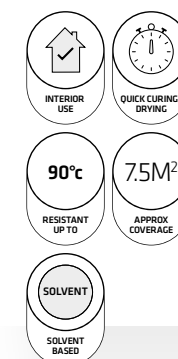

Laminates / Timber / Cork / Rubber / Metal

Smart Tack Bulk Tank

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SMARTBULKCL	17KG	CLEAR	1	5029347601171

For large scale use, delivers adhesive via a flexible hose to the gun. Bulk Tank will cover ca. 128m² per 17kg of laminate when applied to both surfaces.

Laminates / Timber / Cork / Rubber / Metal

Smart Tack Bulk Tank Gun

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SMARTBULKGUN	-	-	1	NO BARCODE

For use with Smart Tack bulk tank and hose.

SBRB25	25L	-	1	5029347005368
SBRB0200	200L	-	1	-

503 S.B.R Bond is a latex based, water resistant bonding agent and admixture for use in areas subject to humidity and dampness contact. Improves water resistance of cement mixtures by forming a reinforcing polymer that increases long term durability and flexibility of the mix on renderings.

506
Contractors PVA

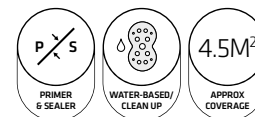

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
CONPVA5	5KG	-	4	5029347602680
CONPVAB25	25KG	-	1	5029347613372

Contractors PVA is a multi-purpose primer, sealer, cement and plaster admixture that adheres to most common building and DIY materials. Ideal for priming and dust sealing on flaking surfaces and as an adhesive on wood, cork etc.

505
Plasterers Gripcoat

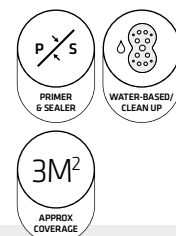

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
GRIPCT10	10LTR	BLUE	1	5029347611538

Plasterers Gripcoat is a high performance, plasterers grip coat bonding agent specifically designed to provide an improved key to smooth surfaces. Containing a fine aggregate, it provides a mechanical key to backgrounds such as plaster, concrete, painted surfaces, textured surfaces and ceramic tiles. One coat application, coloured blue to indicate coverage; now, with new improved colour.

507 Rendagrip
Render Bonding Agent

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
RENDGP10	10L	RED	1	5029347612610

Rendagrip is an extra grip render bonding agent that contains a fine aggregate to provide an improved key before applying render on external surfaces e.g. concrete, lightweight blockwork, brick etc. The fine aggregates are suspended in a unique waterproof polymer to ensure easy application and an even spread of aggregate avoiding any weak spots in the key coat and preventing the aggregate particles coming loose during application.

Mortar Admix

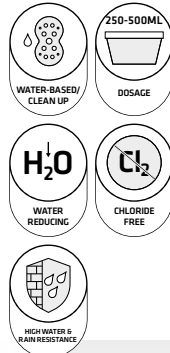

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
AD5L	5L	-	4	5029347002152
ADM25L	25L	-	1	5029347002169

Mortar Admix is an air entraining plasticiser that replaces lime in the mix to provide an easy to work 'butter like' consistency to the mortar and to prevent shrinkage, cracking and crazing during the setting process. CE Marked. **Tested to BSEN934-Part 3 (2009)+A1(2012).**

202
Integral Liquid Waterproof

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
ILW5L	5L	-	4	5029347002251
ILWA25	25L	-	1	5029347002268

Integral Liquid Waterproof is a liquid additive that provides long term water protection to mortar, concrete and rendering. Reduces water permeability and is suitable for all applications where resistance to water absorption is necessary. CE Marked. **Tested to EN934-3 (2009)+A1(2012).**

203
Accelerator & Frostproof

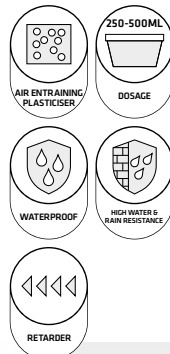

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
ACC5L	5L	-	4	5029347002350
ACCE25L	25L	-	1	5029347002367

Accelerator & Frostproof is a liquid additive formulated to accelerate setting and hardening times of mortar, concretes, screeds and rendering to provide frost protection during the setting period. Effective even in sub-zero temperatures. CE Marked. **Tested to EN934-2 (2009)+A1(2012).**

204
Evermix 3 In 1

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
EMIX5	5L	-	4	5029347600006
EMIX25	25L	-	1	5029347070533

Evermix 3 in 1 triple action admixture waterproofs, plasticises and retards to assist workability, reduce water penetration and allow larger areas to be covered in one application. Evermix 3 in 1 is particularly formulated for use in renders, dry dash and pebble-dashing. CE Marked. **Tested to EN934-3 (2009)+A1(2012).**

206
Strike Release Oil

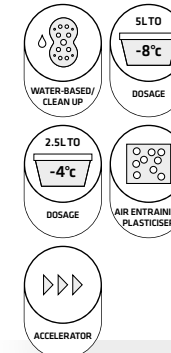

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
STRIKES	5L	-	4	5029347002657

Strike Release Oil is a highly effective release agent to enable concrete shuttering to be removed easily, leaving the edge of the concrete structure clean and well formed. Suitable for most types of form work, not affected by rain after application.

207
Zeromix C.F.F

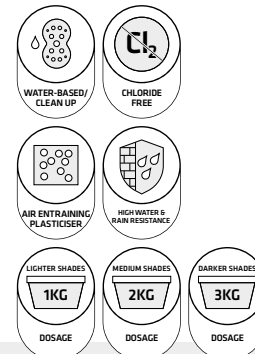

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
ZEROS	5L	-	4	5029347002756
ZEROM25	25L	-	1	5029347002763

Zeromix CFF is a double action frostproof and air entraining mortar admixture for use throughout the winter period. Improves workability of mortar and increases resistance to frost in both wet and hardened state. Chloride free, can be used with steel reinforced concrete structures. CE Marked. **Tested to EN934-3 (2009)+A1(2012).**

208
Powder Mortar Tone

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE

402 Water Seal

Water Repellent

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
WAT5	5L	-	4	5029347004255
WAT25	25L	-	1	5029347004262

A high performance transparent water repellent specially formulated to prevent water penetration on all mineral substrates such as brick, stone, masonry, pebble dashed and rendering. Water Seal is water based and not harmful to the user or the environment, and it's non-flammable.

408 Super Seal

High Performance Water Repellent

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
WALLSEAL5	5L	-	4	5029347606817

Super Seal is a solvent based transparent water repellent, formulated to prevent attack by water penetration on brick, stone, masonry, plaster, rendering etc. Super Seal penetrates deep into the treated area to provide effective repellency for many years. Dries clear. Can be applied by spray, brush or roller.

405 Path & Patio Seal

Water Repellent

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
PAT5	5L	-	4	5029347000653
PAT25	25L	-	1	5029347000660

Path & Patio Seal is an acrylic coating used to seal and protect patios, paths, natural stone, concrete and block paving from the effects of water, petrol and fungal/green growth. The milky solution dries to a clear hard-wearing, water repellent film giving a low sheen slip resistant finish.

401 Brick & Patio Cleaner

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
BC1L	1L	-	12	5029347004118
BC5L	5L	-	4	5029347004156

Brick & Patio Cleaner is a fast acting acid based formula (9.5% strength) that dissolves mortar and cement stains and ingrained dirt and paint on most mineral surfaces such as brick, concrete, paving flags and earthenware.

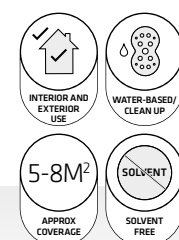

Oil Away

Oil Remover

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
OIL1	1L	-	12	5029347611187

Oil-Away is a ready to use high performance cleaner for drives, paths and patios. Oil-Away is the quick and easy solution for removing oil, petrol, diesel and grease stains from driveways, garage floors and car parks. It works on most common surface types including concrete, stone, tarmac and most common paving materials. Oil-Away can also be used as a general cleaner to revive the look of pathway and patio areas.

Salt Away

Salt Remover

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SALT5	5L	-	4	5029347611200
SALT1	1L	-	12	5029347611194

Salt-Away removes salt and unsightly white efflorescence from bricks and concrete. It is a biodegradable formula, works on walls, paths and patios and can be poured, sprayed or brushed on.

Cemstrip

Cement Stain Remover

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
CEM1	1L	-	12	5029347611019
CEM5	5L	-	4	5029347611026
CEMSPRAY1	1L	-	12	5029347611033

Everbuild Cemstrip is a new type of cement, concrete and mortar stain remover that provides a more environmentally friendly alternative to conventional hydrochloric acid based cement removers. Cemstrip will also remove salts and efflorescence from the surface of mineral substrates and is a very effective general cleaner for removing ingrained dirt, grease and stains from paths and patios as well as being safe for use on metal surfaces such as tools and cement mixers. Cemstrip is a highly concentrated formula that can be diluted by up to 10 times with water to suit a variety of applications.

Tarmac Restorer

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
TARR5	5L	BLACK	4	5029347612856

Tarmac Restorer is a high performance surface coating specially formulated to make tired old tarmac look just like new. Tarmac Restorer provides a tough, durable, low sheen finish which protects from weathering, oil and petrol spills and unsightly plant and weed growth. Tarmac restorer is easy to apply, provides long term protection, reduces further tarmac repair needs and restores the deep, black finish of your tarmac. As it is quick drying, driveways can be used after only 4 hours of the product being applied.

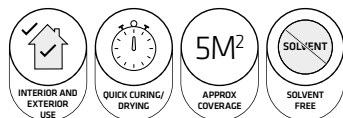

403

Concrete Hardener & Dustproof

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
CHDSL	5L	-	4	5029347004354
CHDU25	25L	-	1	5029347004361

Concrete Hardener & Dustproof is formulated from high quality silicate resins to both harden and dustproof new and old concrete floors for both internal and external use. It reacts chemically with the lime content of concrete to form a hard-wearing surface. CE Marked. **Tested to BSEN1504-2.**

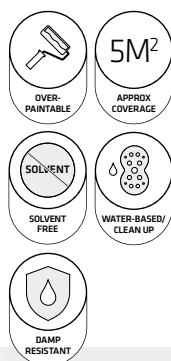

406

Stabilising Solution

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
STAB5	5L	-	4	5029347601508

Stabilising Solution is a microscopically fine polymer emulsion which penetrates dusty/chalky and badly weathered surfaces to leave a stable sound base for decoration with paint, wallpaper, tiling etc. Suitable for both interior and exterior use.

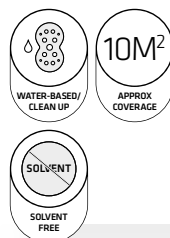

407

Mortar Stain Remover

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
MORSTAIN5	5L	-	4	5029347040758
MORSTAIN25	25L	-	1	5029347040734

Mortar Stain Remover is a highly concentrated fast acting acid based formula (18% strength) which dissolves mortar and cement stains, ingrained dirt and most paints on mineral surfaces such as brick, render and concrete.

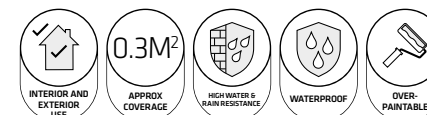

Febtank Super

Waterproof Coating

CODE	SIZE	COLOUR	MERCHANT INFORMATION

TROWST	3KG	STONE	4	5029347600525
TROW6ST	6KG	STONE	2	5029347606794

Trowel Mastic is a premium oil based mastic for perimeter pointing around wood and metal window and door frames.

Why Chemical Anchors?

Chemical Anchors, also often referred to as 'Resin Bonded' anchors, are being increasingly used where a critical or heavy weight loading needs fastening.

Unlike intrusive mechanical expansion anchors or plastic plugs, chemical anchors make the fixing an integral part of the substrate as the load is spread throughout the entire fixing area, removing the stress caused within the substrate when mechanical anchors or plastic plugs are "tightened" up.

This Key difference is particularly relevant on lightweight substrates, and poor and friable substrates, cracked concrete, sandstone and masonry as well for fixings close to the edge.

How are they used?

The hole is drilled to the required diameter dependent upon the threaded bar to be used, and the loading it has to take. Full tables of relevant hole diameter sizes and loading strengths can usually be found on all packs and technical data, but for example for an M8 fixing a 10mm diameter hole would normally be used in concrete.

Where are they used?

In addition to the more critical structural applications Chemical Anchors also provide a more robust fixing solution in many day to day building applications such as:

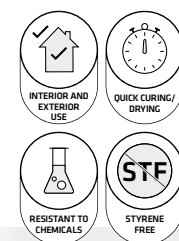

- Satellite Dishes • Railings • Heavy Pipes • Gates • Sanitary Fixings • Wall Ties • Fire Surrounds • Lamps • Steel Structures
- Kitchen Wall Cupboards • Towel Holders

Anchorset Green 150

Styrene Free Anchor Fixing Resin

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
ANCHGREEN150	150ML	-	12	5029347606503

Anchorset Green 150 is a styrene free anchor fixing resin packed using a twin bag system for application with a standard sealant gun. Applied in one single action, this general purpose resin will produce a strong, chemical resistant fixing. Ideal for a multitude of uses including fixing railings, satellite dishes, brackets etc. which require heavy loads.

BITUMEN & ROOFING

Roof Repair	74
Flashing	77
Bitumen	78

Trusted products are tried & tested by leading tradespeople on the most demanding of projects

TRUSTED

Evercryl One Coat

Roof Repair Compound

TRUSTED

CAN BE USED IN THE WET

NO PRIMER NEEDED

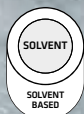

Evercryn is a resin based, fibre re-enforced* roof repair compound which is effective on all common roofing surfaces, giving instant roof repairs even in the wet and on wet surfaces. May also be applied in frosty conditions down to -5°C.

Evercryn is instantly waterproof when applied, there is no fear of wash off so emergency leaks can be tackled immediately as there is no need to wait for the rain to stop. Evercryn is brush applied and dries to a smooth seamless flexible membrane which resists algae and fungal growth. Because of the high level of fibre reinforcement, Evercryn will bridge small cracks and requires only a one coat brush application to give instant and total water protection, even in areas subject to ponding. Evercryn requires no primer on sound non-porous surfaces. Specifically designed for the following applications: general sealing, maintenance, repair and waterproofing of most common roofs in wet or dry conditions – for use on concrete, fibre/cement, roofing felt, mastic asphalt, existing bituminous roof coatings, rigid PVCu, corrugated iron, metals, slates, brickwork, tiles, lead, copper and zinc.

*Excludes translucent.

Liquid Roof

All Weather Roofing System

TRUSTED

**PU WATERPROOFING LIQUID MEMBRANE
FOR FLAT AND PITCHED ROOFS**

**FAST CURING - RAIN
RESISTANT IN 10 MINUTES**

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
AQLIQRFCY7	7KG	SLATE GREY	4	5029347614164
AQLIQRFCY21	21KG	SLATE GREY	1	5029347614171
SKLASFLEI20150	1M X 50M	-	1	7612894436402

An easy to use, all weather roofing system ideal for waterproofing flat or pitched roofs.

Everbuild Liquid Roof is a one-component, fast curing, polyurethane based waterproofing system for flat and pitched roofs.

Applied in two coats by brush or roller, Everbuild Liquid Roof creates a solid, seamless, waterproof membrane that remains permanently flexible, making it the ideal solution for new installations, the refurbishment of old or to overlay most common roofing substrates.

Everbuild Liquid Roof comes ready to use and is cold applied by brush or roller, using moisture in the air to cure meaning no additional catalyst is required. And what's more, it will cure in many weather conditions becoming completely rain resistant in just 10 minutes, even if a pool of water forms on top of it.

Suitable for use on a variety of substrates, Everbuild Liquid Roof is compatible with concrete, mortar, stone, fibre cement, roof tiles and metals. Not only that but it can also be applied to wood, asphalt, roofing felt and bituminous coatings with the use of full reinforcement in the form of Sikalastic Fleece-120.

**MOISTURE CURING TECHNOLOGY
- NO CATALYST REQUIRED**

**FOR NEW ROOFS AND
REFURBISHING OLD ROOFS**

STEP ONE

Ensure all surfaces are sound, clean and free from dust and loose friable material

STEP TWO

Apply the first coat of Everbuild Liquid Roof liberally at a thickness of 1mm, by brush or solvent-resistant roller.

STEP THREE

If required, apply Sikalastic Fleece-120 on top of the first coat whilst still wet, overlapping the edges.

STEP FOUR

Apply a second coat at a similar thickness to the first, immediately after laying the fleece.

For full application instructions, please refer to latest Product Data Sheet or contact the Everbuild Technical Services Department.

The Aquaseal Wet Room System Kit gives you everything you need to waterproof both walls and floors prior to tiling showers, wet rooms, wet zones and other areas susceptible to water and excessive moisture. Ideal for use on Plasterboard, Plaster, MDF, Plywood, Cementitious Boards, Block work, Concrete and Specialist Wet Room Boards.

The Aquaseal Tanking Kit is available in two sizes; Standard – everything you need to waterproof 4.5m² and Large – everything you need to waterproof 7.5m².

Both kits come complete with:

- Waterproof Tanking Primer (1L)
- Waterproof Tanking Membrane (3LTR – Standard, 5LTR – Large)
- Waterproof Tanking Tape (10MTR)
- Waterproof Tanking Drain Mat
- Aquaseal Wet Room System instruction leaflet

**SIMPLE & EASY TO APPLY
3 PART SYSTEM**

**COMES COMPLETE WITH ROLLER,
BRUSH AND DRAIN MAT.**

**SUITABLE FOR USE WITH
UNDERFLOOR HEATING**

1 Tanking Primer
Apply primer to surfaces that are to be waterproofed.

2 Tanking Tape & Mat
Apply self-adhesive tape across all joints, corners and pipe penetrations.
Next, apply the self-adhesive drain mat around the drain outlet.

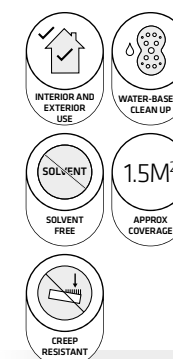

3 Tanking Membrane
The ready-to-use membrane is applied by brush in a 2 coat system at right angles to each other.

Aquaseal Waterproof Tanking Membrane

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
AQWRMEM5	5LTR	BLUE	1	5029347611163

Aquaseal Waterproof Tanking Membrane is the ideal product for use when waterproofing before tiling. It forms a permanently flexible watertight membrane, is non hazardous and solvent free. Aquaseal Tanking Membrane is easy to apply by brush, is quick drying and can be tiled after 12 hours.

Aquaseal Wet Room System Tape

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
AQWRSTAPE10	10MTR	-	1	NO BARCODE

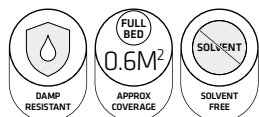

Aquaseal Waterproof Tanking Tape is a self adhesive joint and corner tape ideal for use when waterproofing showers, wet rooms and wet zones in bathrooms before tiling. A permanently flexible butyl backed fleece with cross directional stability. Waterproof Tanking Tape can be used on all board joints, corners and pipe entries. Can be tiled directly or overcoated with Aquaseal Waterproof Tanking Membrane for full wet zones and is easy to apply with a pre-cut release liner.

Once mixed, the filler sets hard to a shatterproof finish in approximately 30 mins and may be drilled, carved or planed once dry.

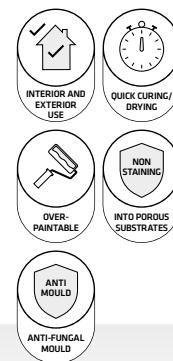

Wood / Brick / Stone / Concrete / Plaster

Pro-Fill High Performance Filler

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
PROFILLS	500GR	LIGHT GREY	6	5029347608781

Pro-Fill 2 Part High Performance filler, for joinery, decorating and building applications, suitable for repairing most building materials including concrete, metal, wood and GRP. Rapid cure non-tack surface that's easy to sand.

Wood / Brick / Stone / Concrete / Plaster

Wood Filler Hardener / Catalyst

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
WFCATALYST	40GRM	-	25	NO BARCODE

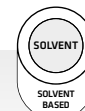

Spare catalyst/hardener tubes for use with all 2 part wood fillers.

Wet Rot Wood Hardener

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
WOODHARD2	250ML	-	6	5029347807016

Wet Rot Wood Hardener is a highly penetrative solution of selected resins in solvent which soaks deep into the fibres of decaying wood and dries to leave the wood hard and resistant to further moisture penetration. The resin modified wood then becomes an ideal base for repair with Everbuild 2 part wood fillers.

All Purpose XT44
Maintenance Spray

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
MULTI	400ML	-	12	5029347600044

All Purpose Maintenance Spray has 100s of uses around the home, garage, workshop and in industry. Penetrates rusted parts and fastenings to assist dismantling, lubricates locks, hinges and tools. Can be used to protect metals and tools from rusting. Displaces water and can be used to assist starting wet petrol engines and damp ignition systems. Lubricates just about any moving part.

All Purpose
Silicone Spray

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SILSPRAY	400ML	-	12	5029347600648

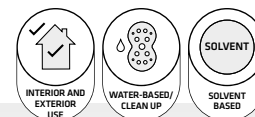

All Purpose Silicone Spray is a dry silicone lubricant and mould release agent for the easing of friction between two surfaces. Ideal for use in mould making/release industries, to ease installation of rubber and EPDM gaskets to window and door frames and has 100's of uses around the home, garage, workshop and industry. Silicone Spray will also enhance the appearance of vinyl and hard surfaces such as car dashboards etc, where the dry-bright finish will eliminate the need for polish.

Graffiti Remover

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
GRAFF	400ML	-	12	5029347601683

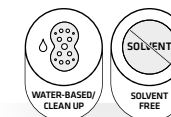

Graffiti Remover is a powerful non-drip gel formula, works on vertical and horizontal surfaces to remove paint, felt tip marker pen and most other forms of casual graffiti. Water washable, effective on all substrates. Graffiti Remover is aided by its slow evaporation rate, penetrating deeply into graffiti and after a few minutes, marks are easily and safely removed by rinsing with water.

Sika -1 Pre-Bagged Structural Waterproofing System

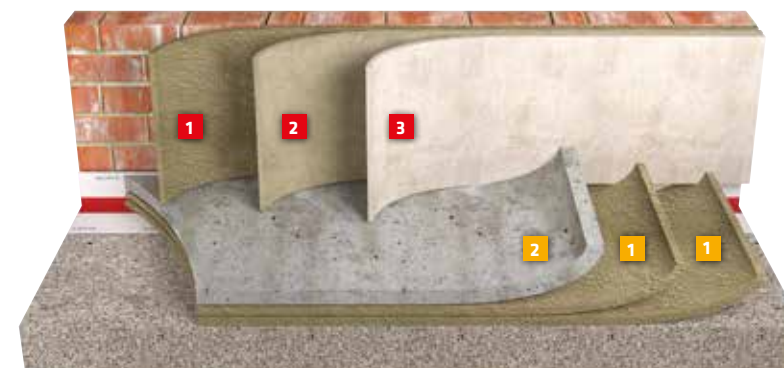

How it works

Now available with new & improved formulations and with Sika-1 Waterproofer pre-mixed into the bags, the Sika-1 Structural Waterproofing System is easier to use than ever!

The Sika -1 Pre-Bagged Structural Waterproofing System consists of a render system for use on walls and overhead surfaces, and a screed system for use on the floor.

The system mortars (pages 144-145) are pre-bagged kiln dried blends of specially graded aggregates and cements, packaged in 4 grades at the appropriate mix ratios for optimum application, performance and durability. When mixed with water they provide the multicoat components for the structural waterproofing system.

If BBA certification is required, please request the old formulations which will still be available for a limited time – see everbuild.co.uk for more details and availability.

WATERPROOF	

Sika® Release Oil

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SKRELEAS5	5LTR	-	4	5055047200604

A ready to use, formwork release agent that is suitable for mould and shuttering. Sika® Release Oil is suitable for use prior to casting concrete in order to achieve a clean release after removal of formwork.

Sika® Wintermix

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SKWINTS	5LTR	AMBER	4	5055047200864

A chloride free admixture for concrete that is suitable for use with steel reinforcement. Sika® Wintermix allows mortars and concretes to be used in sub-zero temperatures, eliminating the need for a separate frostproof. CE Marked.

SikaCim® No Crack Concrete

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SKCIMNOCK	75G	-	20	5055047209027

A fibre admixture that is suitable for minimising cracking and enhancing the strength of concrete. Sika® No Crack Concrete reduces shrinkage and cracking of concrete. Ideal for use on internal floor slabs, garages or shed bases, driveways and many more.

Finish and protect it perfectly with our range of Resiblock patio and driveway sealers

See page 163

Sika® MaxMix Waterproofer

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SKMAXMWAT1	1LTR	YELLOW	6	7612894695649

A highly concentrated waterproofing and air entraining admixture for sand and cement mortars, renders and screeds. Sika® MaxMix® Waterproofer improves the workability of mortar/render and helps prevent shrinkage, cracking, crazing and mild frost damage. CE Marked.

Sika® MaxMix Frostproof & Accelerator

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
SKMAXMAC1	1LTR	STRAW	6	7612894695724

A highly concentrated air entraining admixture which is designed specifically for cold weather by eliminating the requirement for a second frostproofing admix. Sika® MaxMix® Frostproof & Accelerator reduces the setting time of sand and cement based mortars, renders, screeds etc. CE Marked.

SikaCeram® -62 FlowFix Bonding Primer

CODE	SIZE	COLOUR	BOX QTY	BARCODE
SKCMPRIM20	20kg	-	1	5055492703286

A high performance porcelain paving installation system, consisting of a bonding primer and jointing compound, specifically designed to provide an exceptional bond between porcelain paving and the bedding mortar.

Mixed solely with water, SikaCeram® -62 FlowFix Bonding Primer is applied with a brush or roller to the rear of the paving when laying, to prevent the paving system breaking away from the mortar bed.

SikaCeram® -621 FlowFix Jointing Compound

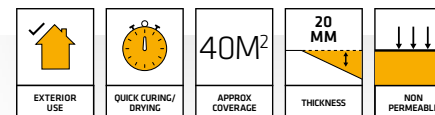

CODE	SIZE	COLOUR	BOX QTY	BARCODE
SKCMJOINTIV	20kg	IVORY	1	5055492703279
SKCMJOINTLTGY	20kg	LIGHT GREY	1	5055492703255
SKCMJOINTDKGY	20kg	DARK GREY	1	5055492703613
SKCMJOINTBUF	20kg	BUFF	1	5055492703620

A controlled, cementitious flowable jointing grout which is applied by mixing with water on site, poured over joints with ease and worked into other exposed joints by squeegee. The surplus is simply washed off after 30 minutes. SikaCeram® -621 FlowFix Jointing Compound is a highly workable product that is non-permeable once cured.

Suitable for joints between 3-10mm wide and 20mm in depth, SikaCeram® -621 FlowFix Jointing Compound cures in 60 minutes to a non-permeable finish.

New colours will be available Q2 2021.
Colour swatches are a guide only and may vary.

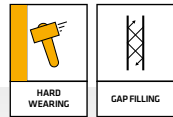

Sika® Setting Sand

Narrow Paving Joint Filler

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKSANDBF20	20KG	BUFF	1	5055492700223

A easy to use, moisture curing jointing compound for narrow joints. Sika® Setting Sand can be simply poured or swept into joints before being saturated with water. Provides perfect pointing for all types of block paving; once cured, it will not wash out, shrink or crack over time.

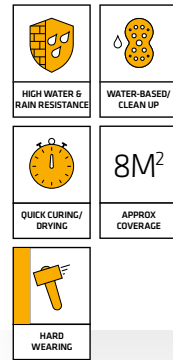

Sika® Patio Seal

Clear Paving Sealer

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKPAT5	5LTR	CLEAR	4	5055047206354

A low-odour, water-based, acrylic coating that is ideal for sealing and protecting patios, paths, natural stone, concrete and block paving. Sika® Patio Seal protects against the effects of water, petrol and organic growth. The product dries to a hard-wearing, water repellent film which gives a slip-resistant finish.

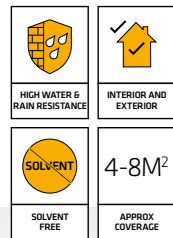

Sika® Stone Protector

Water Based Protector & Sealer

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKSTONES	5LTR	CLEAR	4	5055047210993

A water-based sealer which is suitable for all forms of porous stone. Once applied to a surface, Sika® Stone Protector resists stains without changing the aesthetic look of the surface it is applied to.

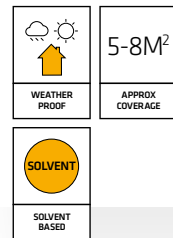

Sika® Block Paving Seal

Clear Driveway Sealer

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKBLOCKS5	5LTR	CLEAR	4	5055047206330
SKBLOCKS25	25LTR	CLEAR	1	5055047206347

A clear, low-odour resin solution that impregnates, enhances and seals block paving to improve the overall appearance by leaving a protective finish. Sika® Block Paving Seal is ideal for use on vehicle and pedestrian areas as well as new and existing drives.

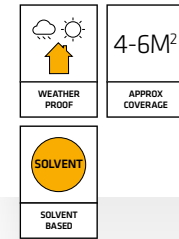

Resiblock Indian Sandstone Sealer

Invisible

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
RBINDINV5	5LTR	INVISIBLE	4	5036143000039

A urethane based, low-viscosity, surface sealer that provides long-term resistance against staining and algae growth for paths, patios and driveways. Resiblock Indian Sandstone Sealer Invisible lasts up to five years and can be applied in one simple coat.

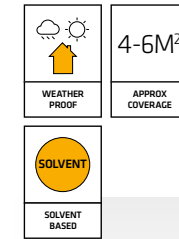

Resiblock Indian Sandstone Sealer

Colour Enhancer

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
RBINDENH5	5LTR	COL.ENHANCER	4	5036143000237

A urethane based, low-viscosity surface sealer and colour enhancer. Resiblock Indian Sandstone Colour Enhancer incorporates a completely unique moisture curing system to enhance Indian Sandstone or coloured concrete products.

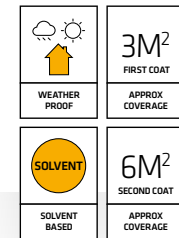

Resiblock Superior

Block Paving Sealer

RBORIGNAT5	5LTR	NATURAL	4	50361430000312
RBORIGNAT25	25LTR	NATURAL	1	50361430000244

A urethane based, low-viscosity, paving sealer and jointing sand stabiliser that protects the paver face from oil and water infiltration.

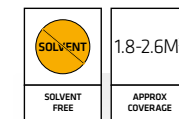

Resiblock Trade

All Purpose Paving Sealer

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
RBTRADD5	5LTR	-	4	5036143000503
RBTRAD25	25LTR	-	1	5036143000510

A solvent free, all purpose sealer that is suitable for concrete and clay paving as well as most forms of natural stone. Resiblock Trade is ideal for binding jointing sand, sealing the surface of concrete block paving.

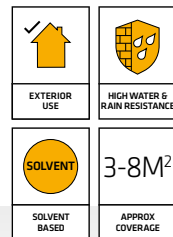

Sika® Water Seal

Waterproof & Protector

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKWATSEALS	5LTR	-	4	5055047210580

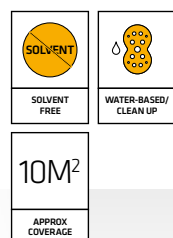

A solvent based water sealer for masonry. Protects structures against rain and damp. Upon application, Sika® Water Seal penetrates up to a depth of 5mm. This product is designed to have minimal affect on appearance or breathability of the surface it product is applied to.

Sikagard®-112 Mortar and Brick Cleaner

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKGD112CLN5	5LTR	-	4	5055492703347

Sikagard®-112 Mortar and Brick Cleaner is a highly concentrated, fast acting acid based formula which dissolves mortar and cement stains, ingrained dirt and most paints on mineral surfaces such as brick, render and concrete.

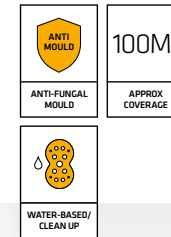

Sika® Mould Buster

Mould & Algae Treatment

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKMBUST5	5LTR	-	4	5055047209096

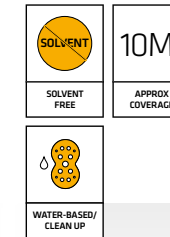

A powerful, fast acting solution which is effective on most surfaces. Sika® Mould Buster removes algae, mould and green growth without the need for scrubbing or pressure washing.

Sika® Brick & Patio Cleaner

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKBC5	5LTR	-	4	5055047200581

A fast acting, acid based cleaning solution for brickwork, concrete and paving. Sika® Brick & Patio Cleaner contains a powerful formula that dissolves mortar and cement stains, ingrained dirt, efflorescence on mineral surfaces.

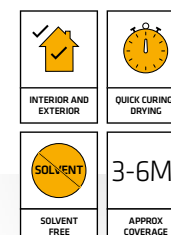

Sika® Dustproofer

Concrete Surface Hardener

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKDUST5	5LTR	-	4	5055047200611

A economic, ready to use dustproofer and concrete surface hardener for concrete floors, paths and driveways. Sika® Dustproofer is suitable for hardening and dustproofing both old and new concrete. CE Marked.

SikaBond®-52

Wood Floor Adhesive

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
FPSKBD52	600ML	BEIGE	20	7612894887525

A one-component, solvent-free, fast-curing, elastic wood flooring adhesive for professional use. SikaBond®-52 Wood Floor is suitable for use on most common types of wood floors, even problematic woods such as beech, maple and bamboo using liquid batten. Suitable for use with underfloor heating when used with the Sika® AcouBond System.

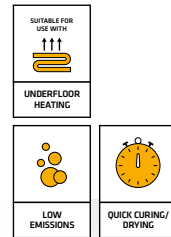

SikaBond®-54

Wood Floor Adhesive

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKBD54WF6	600ML	BEIGE	20	7612894887525
SKBD5407	700ML	BEIGE	12	7612894885484
SKBD5413	13KG	BEIGE	1	7612894907285

A one-component, solvent-free and elastic wood flooring adhesive that is for professional use. SikaBond®-54 Wood Floor is a full stick down adhesive for use on both solid and engineered wood floors. This product is also suitable for use with underfloor heating systems.

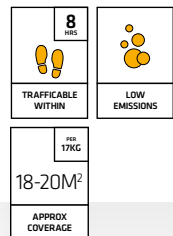

SikaBond®-151

Wood Floor Adhesive

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKBD15117	17KG	PARQUET BROWN	1	7612895512556

A one-part, solvent-free wood floor adhesive which is suitable for use on all types of wood flooring and most common types of floor substrates. SikaBond®-151 is a elastic adhesive that is easy to spread, whilst maintaining stable trowel peaks.

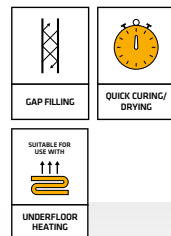

SikaBond® MS

Wood Floor Adhesive

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKBDM5F14	14KG	PARQUET BROWN	1	5055492700902

A high quality, trowel applied MS adhesive which is specifically designed for bonding wooden floors to all common substrates. SikaBond® MS Wood Floor utilises a formulation that is completely water free, thereby reducing the likelihood of wooden boards cupping or crowning. With an extended open time of 40 minutes, this product is ideal for larger application areas.

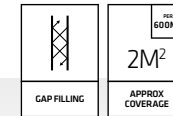

SikaBond® MS

Wood Floor Gun Grade Adhesive

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
FPSKBDMSFL6	600ML	PARQUET BROWN	12	5055492700933

A high quality, Gun applied MS adhesive which is specifically designed for bonding wooden floors to all common substrates. Suitable for use with the AcouBond System.

SikaBond®

Wood Floor Installation Kit

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKBDWOODKIT	-	-	1	5055047209805

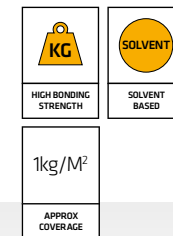

A complete wood floor bonding kit to easily and quickly fit up to 20M² of wood flooring. This kit contains ten 600ml SikaBond® MS Wood Floor adhesive foils, one bulk gun and two reusable precut nozzles.

SikaBond® 5500 S

CODE	SIZE	COLOUR	MERCHANT INFORMATION	
			BOX QTY	BARCODE
SKBD5500S18	16KG	BEIGE	1	5055047210177

A one-part, solvent based, rigid adhesive for bonding wood block parquet and engineered boards onto porous substrates. SikaBond®-5500 S provides a high strength bond that is suitable for use with underfloor heating. This product is suitable for use with all types of wood.

Sika®

Silent Layer Mat

FBWMIX5	5LTR	DARK BROWN	4	5029347610791
FBWMIX25	25LTR	DARK BROWN	1	5029347610807

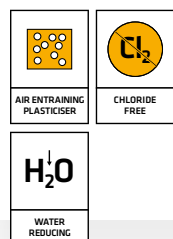

Febmix Admix is an original air entraining plasticiser that replaces lime in the mix to provide an easy to work "butter like" consistency and to prevent shrinkage, cracking and crazing during the setting process. For use in brick laying and plastering mortars. Provides a degree of frost resistance and long term resistance to freeze-thaw cycles when set. There is also a South West formula specially designed for South Wales and the West Country. CE Marked. **Conforms fully with the requirements of EN 934-3:(2009) +A1 (2012).**

Febmix DH Powder Mortar Plasticiser

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
FBMIXDH	250	BROWN POWDER	1	5029347607227

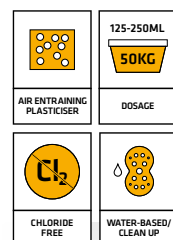

Febmix DH is a powder mortar plasticiser in a hand sachet pack form for use as an alternative to lime or as a supplement to lime to aid mortar workability in both brick laying and rendering applications. Improves frost resistance and reduces efflorescence. Use 1 sachet per 25KG bag of cement. CE Marked. **Complies with EN934-3: 2009.**

Febmix Plus Air Entraining Plasticiser

MERCHANT INFORMATION				
CODE	SIZE	COLOUR	BOX QTY	BARCODE
FBMIXPLUS5	5LTR	RED	4	5029347607180
FBMIXPLUS25	25LTR	RED	1	5029347607197

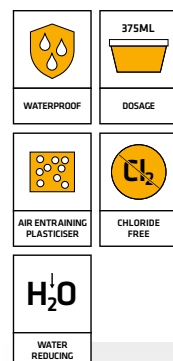

Febmix Plus is a liquid ultra stable synthetic air entraining mortar plasticiser designed to enhance the workability and freeze thaw resistance of brick and block laying mortars. It may be used to replace or supplement the use of lime, and is designed to maintain efficiency with variations in cement and aggregate sources. CE Marked. **Conforms to EN 934-3:(2009) +A1 (2012).**

1. INTERPRETATION

In these Terms and Conditions the following expressions will have the following meanings unless inconsistent with the context:

"Bespoke Goods" means any goods which are made to measure, bespoke, or otherwise manufactured to a unique specification.

"Brexit" means the United Kingdom ceasing to be a member state of the European Union.

"Buyer" the person(s), firm or company whose order for the Goods or Services is accepted by the Company in accordance with these Terms and Conditions.

"Company" Everbuild Building Products Limited (Company number: 02890352) whose registered office is located at Site 41, Knowsthorpe Way, Cross Green Industrial Estate, Leeds LS9 0SW

"Confidential Information" means all information in respect of the business of the Company including, but not limited to, know-how, prices or other matters connected with the Goods or Services (which shall include any instructions or procedures, instruction manuals, user guides and other information which is supplied by the Company with the Goods or Services) and any other information of whatever nature which, if disclosed, will be liable to cause harm to the Company.

"Contract" any contract between the Company and the Buyer for the sale and purchase of the Goods or Services formed in accordance with Condition 2.

"Delivery Point" the place where delivery of the Goods is agreed to take place, as set out in the Company's written acknowledgement of order.

"Final Inspection Certificate" A Certificate issued for the benefit of a third party at the completion of the Services.

"Goods" any goods which the Company supplies to the Buyer (including any of them or any part of them) under a Contract.

"Guarantee" a guarantee or Final Inspection Certificate for or related to the Goods in a form to be provided by the Company in favour of a third party nominated by the Buyer.

"Guarantee Period" the on-going period of protection provided to a third party as set out in a Guarantee.

"Intellectual Property Rights" all intellectual and industrial property rights including patents, know-how, registered trade marks, registered designs, utility models, applications for and rights to apply for any of the foregoing, unregistered design rights, unregistered trade marks, rights to prevent passing off for unfair competition and copyright, database rights, topography rights and any other rights in any invention, discovery or process, in each case in the United Kingdom and all other countries in the world and together with all renewals and extensions.

"Services" any services which the Company performs for the Buyer under a Contract, which are ancillary to the supply of Goods.

"Service Point" the place at which the Services are to be performed, as set out in the Company's written acknowledgement of order.

"Specific Delivery Requirement" any goods, which are required to be delivered by a type of vehicle specified by the Buyer.

"Terms and Conditions" the standard terms and conditions of sale set out in this document together with any special terms agreed in writing between the Buyer and the Company.

"Trademark" the SARNAFIL trademark registered in the United Kingdom under trademark number I046240.

"Working Day" any day other than Saturday or Sunday or a public or bank holiday in England.

2. FORMATION AND INCORPORATION

2.1 Subject to any variation under Condition 14.5, the Contract will be upon these Terms and Conditions, to the exclusion of all other terms and conditions and all previous oral or written representations including any terms or conditions which the Buyer purports to apply under any purchase order, confirmation of order or similar document, whether or not such document is referred to in the Contract.

2.2 Each order or acceptance of a quotation for Goods or Services will be deemed to be an offer by the Buyer to purchase Goods or Services upon these Terms and Conditions. The Contract is formed when the Buyer receives confirmation that the order is accepted by the Company. Such confirmation may either be given orally or in writing. No contract will come into existence until such confirmation has been given by the Company.

2.3 The Buyer must ensure that the terms of its order and any applicable specification are complete and accurate.

2.4 Acceptance of delivery of the Goods or commencement of the performance of the Services will be deemed conclusive evidence of the Buyer's acceptance of these Terms and Conditions.

2.5 Subject to Condition 6.5, the Buyer may not cancel the Contract. The Company may cancel the Contract at any time prior to delivery of the Goods or commencement of the performance of the Services.

3. DESCRIPTION OF THE GOODS AND SERVICES

3.1 The description of the Goods will be as set out in the Company's price list. All samples, drawings, descriptive matter, specifications and advertising issued by the Company and any descriptions or illustrations contained in the Company's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Goods represented by or described in them. They will not form part of the Contract and this is not a sale by sample.

3.2 The Company may make any change to the specification, design, materials or finishes of the Goods which are:

3.2.1 required to conform with any applicable safety, statutory or regulatory requirement; or

3.2.2 do not materially affect their quality or performance.

3.3 The Company will only perform Services which are ancillary to, or relating to, Goods provided under a Contract.

3.4 The Services will only be performed by the Company at the Service Point.

3.5 The Company shall use all reasonable endeavours to perform the Services:

3.5.1 to the standard required for the issue of a Final Inspection Certificate;

3.5.2 promptly, but time shall not be the essence for the performance of the Services.

3.6 The Company shall have the right to make any changes to the Services which are necessary to comply with applicable safety, statutory or regulatory requirements, or which do not materially affect the nature or quality of the Services, and the Company shall notify the Buyer in any such event.

4. PRICE AND PAYMENT

4.1 The price for the Goods or Services will be the price set out in the Company's published price list current at the date of delivery of Goods or performance of Services or as otherwise notified by the Company to the Buyer prior to the Contract being made. Orders for Goods valued below £2000 (before VAT) are exclusive of any costs of packaging and carriage, VAT and any other applicable sales tax or duty which will be added to the sum in question. Orders for Goods valued greater than £2000 (before VAT) and which are to be dispatched from the Company's warehouse within the United Kingdom are inclusive of any costs of packaging and carriage within the United Kingdom but exclusive of VAT and any other applicable sales tax or duty will be added to the sum in question.

4.2 The Company may invoice the Buyer for the Goods on or at any time after dispatch, or for the Services on or at any time after performance commences and payment is due in pounds sterling by the last day of the next calendar month following the date of invoice, or upon termination of the Contract, whichever occurs first.

4.3 Time for payment will be of the essence. No payment will be deemed to have been received until the Company has received cleared funds.

4.4 All payments to be made by the Buyer under the Contract will be in full without any set-off, restriction or condition and without any deduction for or on account of any counterclaim.

4.5 If any sum payable under the Contract is not paid when due then, without prejudice to the Company's other rights under the Contract: that sum will bear interest from the due date until payment is made in full, both before and after any judgment, at a combined rate of the Bank of England base rate from time to time and the rate provided by the Late Payment of Commercial Debts (Interest) Act 1998 as amended from time to time; and the Company will be entitled to suspend deliveries of the Goods or performance of the Services until the outstanding amount has been received.

4.6 The Company reserves the right to recoup any sum, resulting from costs incurred from legal proceedings to recover the sum payable under the Contract.

4.7 Any invoice queries must be communicated to the Company within 10 (ten) Working Days of receipt of the invoice by the Buyer.

5. INSTALMENTS

The Company may deliver the Goods, or perform Services, by separate instalments. Each instalment will be a separate Contract and no cancellation or termination of any one Contract relating to an instalment will entitle the Buyer to repudiate or cancel any other Contract or instalment unless otherwise notified by the Company. Each separate instalment will be invoiced and paid for in accordance with the provisions of the Contract.

6. DELIVERY OF GOODS

6.1 Delivery of the Goods within the UK mainland will be CPT Delivery Point INCOTERMS 2010 (save that carriage may be charged to the Buyer in accordance with Condition 6.4 and/or Condition 6.5).

6.2 Delivery of the Goods to Northern Ireland, the Scottish Isles, the Channel Islands or the Isle of Man will be made FOB Delivery Point INCOTERMS 2010.

6.3 Delivery of the Goods outside the UK will be made FAS Delivery Point INCOTERMS 2010, except that risk shall pass to the Buyer at the time that the Goods leave the Company's premises.

6.4 Delivery of the Goods will be accepted at any time of day. At the sole discretion of the Company, overnight deliveries or deliveries at specified times may be agreed in certain circumstances. Notwithstanding condition 6.1, such deliveries shall be subject to an additional charge being raised by the Company. If the Buyer fails to take delivery, or provide any necessary documents, the Goods will be deemed to have been delivered and the Company, without prejudice to its other rights, may at its option:

6.4.1 store or arrange for storage of the Goods until actual delivery or sale and charge the Buyer for all related costs and expenses (including, without limitation, storage and insurance); and/or

6.4.2 following written notice to the Buyer, sell any of the Goods at the best price reasonably obtainable in the circumstances and charge the Buyer for any shortfall below the price under the Contract. Excessive waiting times may also be charged to the Buyer in certain circumstances.

6.5 The Company will use reasonable endeavours to deliver Goods 5 (five) Working Days after the date on which the order is confirmed by the Company, but the time of delivery will not be of the essence of a Contract. Notwithstanding condition 6.1, carriage will be charged on deliveries required within 5 (five) Working Days, or deliveries with specific time or vehicle type stipulations. If, despite those endeavours, the Company is unable for any reason to fulfil any delivery of Goods on a specified date, the Company will be deemed not to be in breach of the Contract, nor (for the avoidance of doubt) will the Company have any liability to the Buyer for direct, indirect or consequential loss (all three of which terms includes, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and like loss) howsoever caused (including as a result of negligence) by any delay or failure in delivery of Goods except as set out in this condition. Any delay in delivery of Goods will not entitle the Buyer to cancel the order unless and until the Buyer has given 10 (ten) Working Days' written notice to the Company requiring the delivery of the Goods and the Company has not fulfilled the delivery of the Goods within that period. If the Buyer cancels the order in accordance with this Condition 6.5 then, save as excluded under Condition 6.5:

6.5.1 the Company will refund to the Buyer any sums which the Buyer has paid to the Company in respect of the Goods which have been cancelled;

6.5.2 and the Buyer will be under no liability to make any further payments under Condition 4 in respect of the Goods that have been cancelled.

6.6 Notwithstanding, the provisions of Condition 6.5, the Company will be under no obligation to:

6.6.1 to refund the Buyer any sums which the Buyer has paid to the Company in respect of the Bespoke Goods which have been cancelled under Condition 6.5; and

6.6.2 waive any outstanding further payments due by the Buyer in respect of Bespoke Goods which have been cancelled under Condition 6.5.

6.7 The Buyer will provide at its expense at the Delivery Point adequate and appropriate equipment and manual labour for off-loading the Goods.

6.8 A £10.00 handling charge will be made in addition to the carriage charge for overnight dispatch of Goods. This service is offered as resources allow and is subject to available transport.

6.9 The type of vehicle used to deliver Goods and the method of packaging of the Goods for delivery will be at the discretion of the Company.

6.10 Any change required by the Buyer to the delivery vehicle and/or the method of packaging the Goods for delivery selected by the Company will constitute a Specific Delivery Requirement. The Buyer will incur any additional costs for a Specific Delivery Requirement.

6.11 The Buyer will provide a full and correct address, including postcode, for the delivery of the Goods.

7. RISK/TITLE IN THE GOODS

7.1 Risk of damage to or loss of the Goods will pass to the Buyer in accordance with Condition 6.

7.2 Ownership of the Goods will not pass to the Buyer until the Company has received in full (in cash or cleared funds) all sums due to it in respect of:

7.2.1 the Goods; and

7.2.2 all other sums which are or which become due to the Company from the Buyer on any account, whether for Goods or Services.

7.3 Until ownership of the Goods has passed to the Buyer, the Buyer must:

7.3.1 hold the Goods on a fiduciary basis as the Company's bailee;

7.3.2 store the Goods (at no cost to the Company) separately from all other Goods of the Buyer or any third party in such a way that they remain readily identifiable as the Company's property;

7.3.3 not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods; and

7.3.4 maintain the Goods in satisfactory condition insured on the Company's behalf for their full price against all risks to the reasonable satisfaction of the Company, and will whenever requested by the Company produce a copy of the policy of insurance.

7.4 The Buyer may resell the Goods before ownership has passed to it solely on the following conditions:

7.4.1 any sale will be effected in the ordinary course of the Buyer's business at full market value and the Buyer will account to the Company accordingly; and

7.4.2 any such sale will be a sale of the Company's property on the Buyer's own behalf and the Buyer will deal as principal when making such a sale.

7.5 The Buyer's right to possession of the Goods will terminate immediately if any of the circumstances set out in Condition 11.1 occur.

7.6 The Company will be entitled to recover payment for the Goods notwithstanding that title in the Goods has not passed from the Company.

7.7 The Buyer grants the Company, its agents and employees an irrevocable licence at any time to enter any premises where the Goods are or may be stored in order to inspect them, or, where the Buyer's right to possession has terminated, to recover them.

7.8 Where the Company is unable to determine whether any Goods are the goods in respect of which the Buyer's right to possession has terminated, the Buyer will be deemed to have sold all goods of the kind sold by the Company to the Buyer in the order in which they were invoiced to the Buyer.

7.9 On termination of the Contract, howsoever caused, the Company's (but not the Buyer's) rights contained in this Condition 7 will remain in effect.

8. LIABILITY OF COMPANY

8.1 The Company will, free of charge, within a period of 12 months from the date of delivery of Goods, or where a Guarantee has been issued, for the Guarantee Period, which are proved to the reasonable satisfaction of the Company to be missing, damaged or defective due to defects in material or design (other than a design made, furnished or specified by the Buyer), repair, or at its option provide or replace, such Goods. This obligation will not apply where:

8.1.1 the Goods have been improperly altered in any way whatsoever, or have been subject to misuse or unauthorised repair;

8.1.2 the Goods have been improperly installed or connected;

8.1.3 any maintenance requirements relating to the Goods have not been complied with;

8.1.4 the Buyer has failed to notify the Company of any defect(s) or missing item(s) from the order acknowledgement within 48 hours of delivery where the defect(s) or missing item(s) should be apparent on reasonable inspection, or within 48 hours of the same coming to the knowledge of the Buyer where the defect(s) or missing item(s) is not that which should be apparent on reasonable inspection, and in any event no later than 12 months from the date of delivery;

8.1.5 where a guarantee has been issued, and has been breached by the third party beneficiary of the Guarantee within the Guarantee Period

8.2 Any Goods which have been replaced by the Company will belong to the Company. Any repaired or replacement Goods will be liable to repair or replacement under the terms specified in Condition 8.1 for the unexpired portion of the 12 month period from the original date of delivery of the replaced Goods or where a Guarantee has been issued, for the Guarantee Period.

8.3 In the event of any breach of the Company's express obligations under Conditions 6.5, 8.1 and 8.2 above the remedies of the Buyer will be limited to damages.

8.4 The Company does not exclude its liability (if any) to the Buyer:

8.4.1 for breach of the Company's obligations arising under section 12 Sale of Goods Act 1979 or section 2 Supply of Goods and Services Act 1982;

8.4.2 for personal injury or death resulting from the Company's negligence;

8.4.3 under section 2(3) Consumer Protection Act 1987;

8.4.4 for any matter which it would be illegal for the Company to exclude (or to attempt to exclude) its liability; or

8.4.5 for fraud.

8.5 Except as provided in Conditions 6.5 and 8.1 to 8.4, the Company's liability to the Buyer, whether in contract, tort (including negligence), breach of statutory duty, restitution (or otherwise) for any injury, death, damage or direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and like loss) howsoever caused arising out of or in connection with:

8.5.1 any of the Goods, or the manufacture or sale or supply, or failure or delay in supply, of the Goods by the Company or on the part of the Company's employees, agents or sub-contractors;

8.5.2 any of the Services, or their performance, or failure or delay in performance, of the Services by the Company or on the part of the Company's employees, agents or sub-contractors;

8.5.3 any breach by the Company of any of the express or implied terms of the Contract;

8.5.4 any use made or resale by the Buyer of any of the Goods, or of any product incorporating any of the Goods;

8.5.5 any use made by the Buyer of any of the Services, or of any product incorporating any of the Services; or

8.5.6 any statement made or not made, or advice given or not given, by or on behalf of the Company or otherwise under the Contract, shall be limited to the invoiced value of the Goods.

8.6 Except as set out in Conditions 6.5 and 8.1 to 8.5, the Company hereby excludes to the fullest extent permissible in law, all conditions, warranties and stipulations, express (other than those set out in the Contract) or implied, statutory, customary or otherwise which, but for such exclusion, would or might subsist in favour of the Buyer.

8.7 Each of the Company's employees, agents and sub-contractors may rely upon and enforce the exclusions and restrictions of liability in Conditions 6.5 and 8.3 to 8.6 in that person's own name and for that person's own benefit, as if the words "its employees, agents and sub-contractors" followed the word Company wherever it appears in those conditions save each reference in Condition 8.5.1.

8.8 The Buyer agrees to indemnify, keep indemnified and hold harmless the Company from and against all costs (including the costs of enforcement), expenses, liabilities (including any tax liability), injuries, direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and like loss), damages, claims, demands, proceedings or legal costs (on a full indemnity basis) and judgments which the Company incurs or suffers as a consequence of a direct or indirect breach or negligent performance or failure or delay in performance by the Buyer of the terms of the Contract. Where a Guarantee has been issued, such indemnity shall continue until the end of the Guarantee Period.

9. GUARANTEE

9.1 Where the Company provides a Warranty additional to the guarantee in Condition 8 hereof, the Buyer may request that the Warranty be provided in favour of an interested third party nominated by the Buyer.

9.2 The Warranty shall be on such terms and in such form as the Company considers appropriate.

9.3 The Warranty shall only be provided when all payments due from the Buyer have been received and if in association with a Final Inspection Certificate, when the Company has been given all reasonable opportunity to carry out a technical audit.

9.4 The Buyer acknowledges that in the event of a claim being brought against the Company under, and in accordance with the terms of a Warranty, which is solely or partially due to the installation of the Goods not having been carried out in accordance with the Company's recommendations or with the skill and care expected of an experienced contractor, the Buyer shall indemnify the Company and shall;

9.4.1 recognise the continuing obligations of the Company and the Buyer to remedy defects in the Goods for the Guarantee Period; and

9.4.2 not seek to rely on and, if and to the extent necessary, expressly waive any entitlement to rely on the provisions of the Limitation Act 1980 in defence of such claim.

10. FORCE MAJEURE

The Company will not be liable to the Buyer for any failure or delay or for the consequences of any failure or delay in performance of the Contract, if it is due to any event beyond the reasonable control of the Company including, without limitation, acts of God, war, industrial disputes, protests, fire, tempest, explosion, an act of terrorism and national emergencies and the Company will be entitled to a reasonable extension of time for performing such obligations in such circumstances.

11. TERMINATION

11.1 The Company may by written notice terminate the Contract immediately if the Buyer:

11.1.1 is in material breach of any of the terms of the Contract. Failure to pay any sums due in accordance with Condition 4.2 is a material breach of the terms of the Contract which is not capable of remedy.

11.1.2 becomes bankrupt, insolvent, makes any composition with his creditors, has a receiver appointed under the Mental Health Act 1983 or dies;

11.1.3 has any distraint, execution or other process levied or enforced on any of its property;

11.1.4 ceases to trade or appears in the reasonable opinion of the Company likely or is threatening to cease trade; or

11.1.5 the equivalent of any of the above occurs to the Buyer under the jurisdiction to which the Buyer is subject.

11.2 The Company may terminate the Contract in accordance with Condition 14.14.

11.3 The termination of the Contract howsoever arising is without prejudice to the rights, duties and liability of either the Buyer or the Company accrued prior to termination. The conditions which expressly or impliedly have effect after termination will continue to be in force notwithstanding termination, which shall include but shall not be limited to, the Buyer's obligations in relation to any Guarantee.

12. INTELLECTUAL PROPERTY

12.1 No right or licence is granted to the Buyer in respect of the existing Intellectual Property Rights of the Company, except the right to use, or re-sell the Goods in the Buyer's ordinary course of business.

12.2 All Intellectual Property Rights in or arising out of or in connection with the performance of Services shall be owned by the Company.

12.3 The Buyer will not without the Company's prior consent allow the Trademark or any other trade marks of the Company or other words or marks applied to the Goods to be obliterated, obscured or omitted nor will he add any additional marks or words.

13. DISTRIBUTION

13.1 If the Buyer purchases the Goods and resells them then the Company shall have no liability for nor shall any indemnity from the Company to the Buyer in these terms apply to any liability of the Buyer to the extent that such liability would not have existed had the Buyer sold the goods upon terms no less favourable than these terms and conditions.

14. GENERAL

14.1 Time for performance of all obligations of the Buyer is of the essence. Time for performance of all obligations of the Company is not of the essence.

14.2 Each right or remedy of the Company under the Contract is without prejudice to any other right or remedy of the Company whether under the Contract or not.

14.3 If any condition or part of the Contract is found by any court, tribunal, administrative body or authority of competent jurisdiction to be illegal, invalid or unenforceable then that provision will, to the extent required, be severed from the Contract and will be ineffective, without, as far as is possible, modifying any other provision or part of the Contract and this will not affect any other provisions of the Contract which will remain in full force and effect.

14.4 No failure or delay by the Company to exercise any right, power or remedy will operate as a waiver of it, nor will any partial exercise preclude any further exercise of the same, or of any other right, power or remedy.

14.5 These Terms and Conditions may only be varied or amended in writing and signed by a senior manager of the Company.

14.6 The Company may assign, delegate, license, hold on trust or sub-contract all or any part of its rights or obligations under the Contract.

14.7 The Contract is personal to the Buyer who may not assign, delegate, license, hold on trust or sub-contract all or any of its rights or obligations under the Contract without the Company's prior written consent.

14.8 The Contract contains all the terms which the Company and the Buyer have agreed in relation to the Goods and/or Services and supersedes any prior written or oral agreements, representations or understandings between the parties relating to such Goods and/or Services. The Buyer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of the Company which is not set out in the Contract. Nothing in this Condition 14.8 will exclude any liability which one party would otherwise have to the other party in respect of any statements made fraudulently.

14.9 Save as set out in Condition 8.7 the parties to the Contract do not intend that any of its terms will be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person not a party to it.

14.10 Any notice in connection with the Contract will be in writing addressed to the other party at its registered office, or principal place of business and will be delivered by hand, or first class or special delivery post or Airmail. The notice will be deemed to have been duly served, if delivered by hand, when left at the proper address for service or if made by pre-paid, first class post or special delivery post, 48 hours after being posted or in the case of Airmail, 14 days after being posted.

14.11 The formation, existence, construction, performance, validity and all aspects whatsoever of the Contract or of any term of the Contract will be governed by English law. The English courts will have exclusive jurisdiction to settle any dispute which may arise out of, or in connection with the Contract. The parties agree to submit to that jurisdiction.

14.12 Where Part II of the Housing Grants, Construction and Regeneration Act 1996 applies, either party may refer any dispute or difference arising under this Agreement to adjudication. The adjudication procedures and the agreement for the appointment of an adjudicator shall be set out in the Model Adjudication Procedures published by the Construction Industry Council current at the date of reference. The nominating body shall be the Technology and Construction Solicitors' Association or any successor organisation.

14.13 The Buyer will keep confidential any and all Confidential Information that it may acquire. The Buyer will not use the Confidential Information to disclose or cause other than to perform its obligations under the Contract. The Buyer will ensure that its officers and employees comply with the provisions of this Condition 14.13. The obligations on the Buyer set out in this Condition will not apply to any information which is publicly available or becomes publicly available through no act or omission of the Buyer or if the Buyer is required to disclose by order of a court of competent jurisdiction.

14.14 Where a Brexit Trigger Event occurs (as defined below) and the Company gives notice to the Buyer of the same:

14.14.1 the Company shall not be liable to the Buyer for any failure or delay or for the consequences of any failure or delay in performance of the Contract where there is a Brexit Trigger Event (and the notice shall have effect from its date);

14.14.2 the Company may require the Buyer to negotiate in good faith an amendment to the Contract to alleviate the Brexit Trigger Event; and if no such amendment is made to the Contract within 7 days from notice given by the Company, the Company may terminate the Contract by giving Buyer not less than 21 days written notice.

14.15 For the avoidance of doubt the rights afforded by this clause 14.14 are without prejudice to the entitlement of the Company to exercise its rights pursuant to Condition 2.5, and the Company may cancel the Contract at any time prior to delivery of the Goods or commencement of the performance of the Services, for any reason.

14.16 "Brexit Trigger Event" means any of the following events occurring at any time on or after Brexit:

14.16.1 an adverse impact on the Company's ability to perform the Contract in accordance with its terms and the law (and the Company shall determine in its absolute discretion whether such an adverse impact has occurred);

14.16.2 an increase in the costs incurred by the Company performing the Contract since the price for the Goods was last agreed;

Acetoxy – A product that cures by a reaction with moisture in the air, giving off an odour of Acetic Acid or vinegar. Acetoxy cure sealants shouldn't be used when they are primarily in contact with alkaline substrates such as concrete.

Acrylic – Water based sealants which cure through the loss of water into the substrate. These products are commonly used for interior finishing and can be overpainted once cured.

CE – There are four main types of approval under the sealant CE Mark:

- F** – Façade use which is split into two sub categories with FINT meaning internal use only and F EXT INT meaning the product can be used both internally and externally. F EXT INT is then split into various classifications:
 - P** – Plastic which means the product has limited elastic recovery and behaves more like a plastic bag.
 - E** – Elastic which means the product behaves more like an elastic band.
 - HM** – High Modulus.
 - LM** – Low Modulus.
- G** – Glazing use.
- S** – Sanitary use which is only approved for internal use and is split into two sub categories S and XS with the latter being the more stringently tested of the two. A number will always follow the S or XS with 1 showing the least biological growth and 3 showing the most, basically meaning S3 is the lowest classification and XS1 is the highest.
- PW** – Pedestrian Walkway use.

Fire Rating – The measure of a sealants ability to maintain its insulation and integrity in a joint when exposed to fire.

Hybrid Polymers / MS – This is the next generation technology combining a sealant and adhesive into one product which can be used on most porous and non-porous materials giving them an almost unlimited number of application possibilities. One major advantage these products have over other sealants is that they can be applied in the wet and even under water.

Neutral Cure – Products which cure by a system of crosslinkers that, when activated by exposure to moisture in the air release almost odourless by-products, mainly alcohols. Neutral cure sealants have very little effect on the substrate applied to i.e. non-corrosive.

Modulus – Sealants can be either high, mid or low modulus and refers to the elastic nature of the material.

Flexibility – The degree of movement a sealant can cope with when applied with a greater number meaning the sealant is more flexible.

Shore A Hardness – A number which denotes the surface hardness of a sealant once cured. The higher the number, the harder the surface.

Silicone – The most common form of sealant on the market, silicones come in a variety of grades for multiple application uses.

Polyurethanes – Combining the properties of a sealant, adhesive and filler into one product.

Oil Based Mastic – A traditional product mainly used in wooden window installations and pre-cast concrete panel sealing applications.

Treated Articles – Some products now state ‘Please use treated articles responsibly’ within the health and safety panel which refers to any item which contains a preservative to protect the product through its life cycle.
