

TIMBERMATE®
SCREWS FOR WOOD

FOR EXPERTS.

DRYWALL SCREW

SHARP POINT DRYWALL SCREW

- Sharp point allows for quick and easy penetration
- Fine & coarse threads provide a strong hold
- Ideal for fixing plasterboard to wooden or steel partitioning
- Used to secure drywall to 25-19 gauge steel
- Phosphated or zinc plated finishes available
- Available with a bugle or wafer head

DRILL POINT DRYWALL SCREW

- Drill point allows for easy penetration
- Fine threads provide a strong hold
- Ideal for fixing plasterboard to steel partitioning
- Zinc plated finish available with a bugle, wafer or pan head
- Used to secure drywall to 20-12 gauge steel
